

2019 Dues Recalculation Form

Company Name: _____

Authorized Signature: _____

Your investment in HMA membership will be a fixed amount each month based on reported annual production. Production numbers should be recorded in millions to the nearest thousandth. Follow the steps below to calculate your monthly dues.

- A. What was your sawmill's total hardwood lumber production in the past 12 months? If you have multiple locations, please include all of your sawmills.

_____ Million BF Lumber Scale

- B. In the past 12 months, how much hardwood lumber did you purchase for kiln drying at all of your own facilities? Include only footage that you kiln-dried for eventual marketing as lumber.

_____ Million BF Lumber Scale

- C. How much hardwood lumber was used in your pallet, flooring or dimension/cut stock manufacturing operations in the past 12 months?

_____ Million BF Lumber Scale

- **Total** the footage reported in "A" and "B."
 - **Subtract** the footage reported in "C."
 - **Report** this footage – rounded to the nearest thousandth in "D."
- For example: 15,555,000 will be reported as 15.555.**

- D. My company's produced hardwood lumber plus hardwood lumber purchased for kiln drying minus hardwood lumber used in internal manufacturing operations for the past 12 months – **rounded to the nearest thousandth** is:

_____ Million BF Lumber Scale

You will find the production and corresponding dues calculation in one of the categories to the right.

If your production falls between the minimum and the maximum dues categories, multiple by \$22 your production listed in D above; i.e., $15.555 \times \$22 = \$342/\text{month dues}$.
