

2022 HMA Equipment Center Vendor Product Offerings

Five sawmill/yard facility areas are listed below. Please indicate any equipment or services you are able to provide to HMA members. Next to each equipment name, include details that would be necessary to our members when considering a purchase or repair. Additionally, please indicate any equipment that is no longer relevant or available to our members. Also, in the blank lines at the bottom of each area, please include any equipment, software programs or services recently developed, available to our membership, not included on this sheet.
